## BOSS 231 Clear Sealant/Adhesive

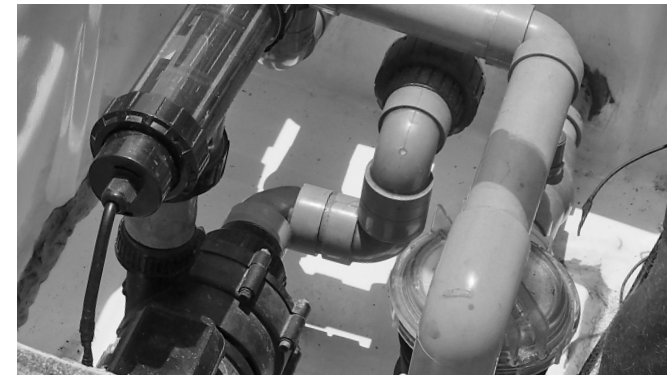

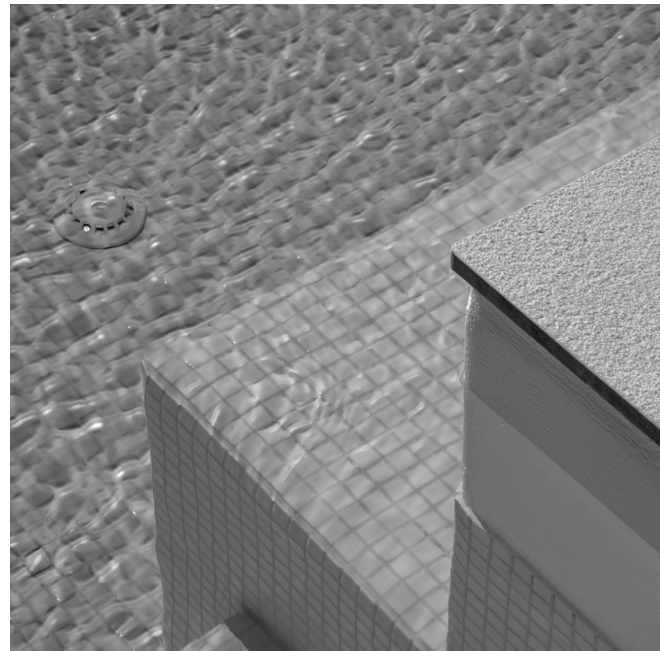

A plasto-elastic, paintable, one component repair sealant based on copolymers with excellent adhesion on bitumen, asphalt, hardened concrete, metal, glass, brick, wood, and plastics including Kynar 500®. Suited for wet, non-absorbing surfaces, and is ideally suited for waterproofing cracks in roofs, gutters, skylights, chimneys, walls, etc. Resistant to UV exposure and temperatures up to 200°F.

- Exceptional elongation & flexibility
- Remains flexible
- UV resistant
- Paintable\*
- Excellent adhesion to many building surfaces, even when damp
- Asphalt shingle compatible
- Easily applied, non-stringing formula
- Tools & cleans up easily

**Temperature Range:** -4°F to 200°F

Cartridge 10.1 oz. | 146432 CLEAR

## BOSS 323 Hi-Temp Blue Gasket Maker

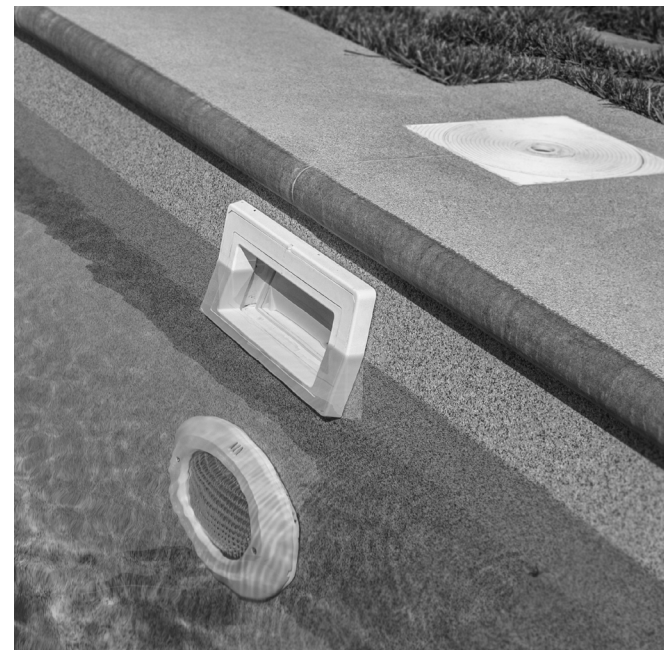

Cures to a tough rubbery solid to create any size gasket in minutes. Use on cover plates, hose connections, valve covers to provide a waterproof seal.

- Intermittent use to 550°F
- Excellent resistance to weather, temperature extremes, & caustic environments

**Temperature Range:** -85°F to 400°F

**Specs:** TT-S-00230C; TT-S-001543A; ASTM C-920; FDA 21-CFR 177.2600; UL Recognized

Pressurized Aerosol Can 8 oz. | 142200

## BOSS 315 Industrial RTV 100% Silicone

A paste like, one component acetoxy silicone adhesive/sealant that cures to a tough, rubbery solid when exposed to moisture in the air.

- Will not shrink, sag, slump, or run off
- Excellent in overhead & vertical joints
- Adheres to clean metal, glass, most types of wood, rubber, fabric, & ceramics
- Excellent resistance to weather, temperature extremes, & caustic environments

**Temperature Range:** -40°F to 400°F

**Specs:** TT-S-00230C; TT-S-001543A; ASTM C-920; FDA 21-CFR 177.2600; NSF 51; UL Recognized

## BOSS 801 Pool & Spa Adhesive

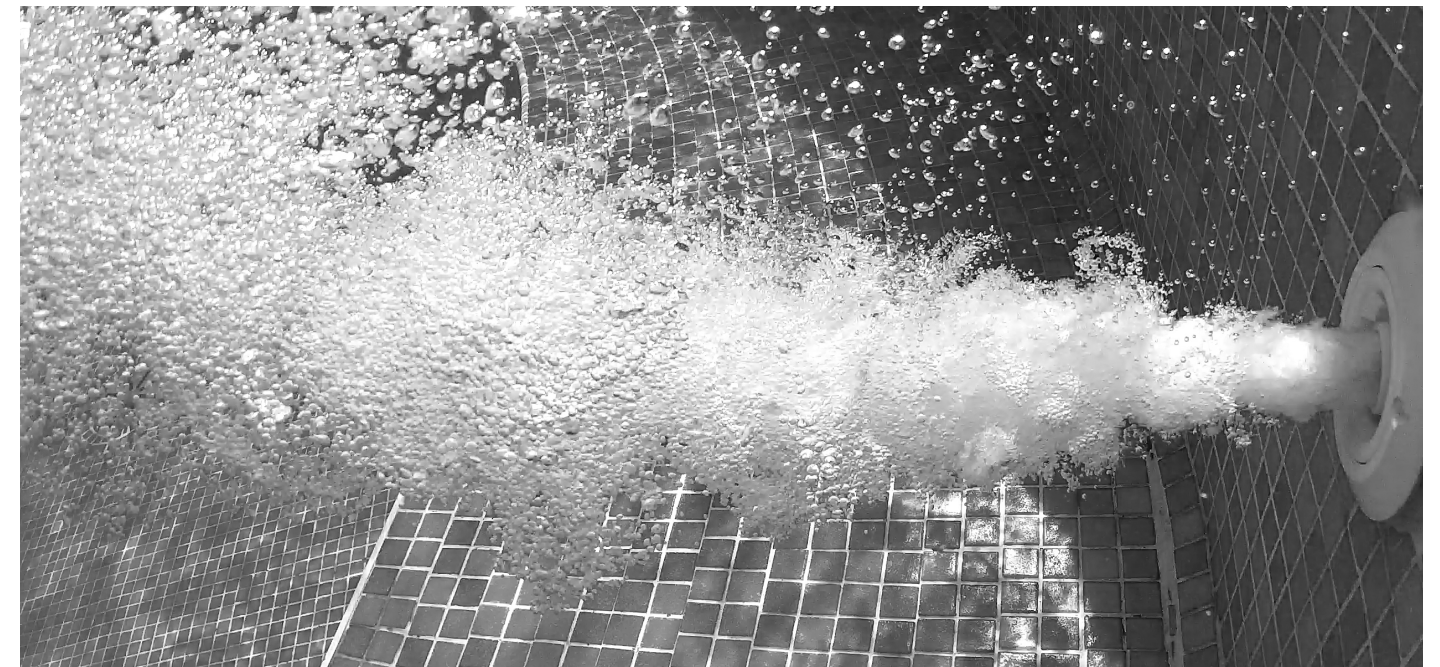

A one part, low odor, neutral resistant, non-corrosive silicone adhesive/sealant. It is designed to adhere ceramic tile to many substrates such as acrylic, fiberglass, ABS, PVC, wood, and masonry. It also provides an excellent seal for spa jets & fittings. Ideal for bathroom tile installations.

- Waterproof/weatherproof seal
- Mildew resistant
- Non-sag formula
- Adheres ceramic tile, spa jets, skimmers
- VOC Compliant in all 50 states

Cartridge 9.5 oz.	Pressurized Aerosol 8 oz.
Clear 142312	Clear 142943
White 142314	
Grey 142313	

Custom colors available upon request

## BOSS 802 Pool & Spa General Purpose Adhesive

A one part, mildew resistant, acetoxy cure silicone sealant. Designed for sealing spa jets, skimmers and fittings. Can be used for most repair and maintenance applications.

- Low viscosity & slow skin time to allow for smoother tooling & finished seal
- Sealing spa jets, skimmers, & fittings
- Mildew resistant
- Waterproof/weatherproof seal
- Non-sag formula
- VOC compliant in all 50 states

Cartridge 9.5 oz.	Clear	White
Clear	142315	142316

Custom colors & other sizes available upon request

## BOSS 804 Pool & Spa Ceramic Tile Grout

A premium quality silicone sealant specially formulated for grouting ceramic tile. A one-part, neutral cure, mildew resistant silicone sealant that has very little odor.

- Waterproof/weatherproof
- Mildew resistant
- Non-sag formula
- Good adhesion to ceramic tile, porcelain tile, natural stone, polycarbonate & lighting covers
- VOC Compliant in all 50 states

Cartridge 9.5 oz.	White	Grey	Tan
White	142311	142309	142310

Custom colors available upon request

## BOSS 820 Silicone Pool & Spa Lube

A premier product for lubrication in the Pool and Spa Industry designed for use as a water repellent, sealing compound. Its grease-like consistency, high tack, chemical inactivity and superior dielectric properties make it an excellent choice for use in water applications. An excellent release agent and lubricant for rubber and plastic parts such as O-rings, valves or plastic gears.

superior dielectric properties make it an excellent choice for use in water applications. An excellent release agent and lubricant for rubber and plastic parts such as O-rings, valves or plastic gears.

- Waterproof & chemical resistant
- Prevents corrosion, rust, & damage
- Ideal for valves, other plastic, & rubber applications requiring silicone
- Formulated for use in harsh conditions
- Provides excellent lubrication & protects from water washout

Plastic Tube 5.3 oz. | 142325 CLEAR

# BOSS 822

## EXPANSION JOINT SEALANT

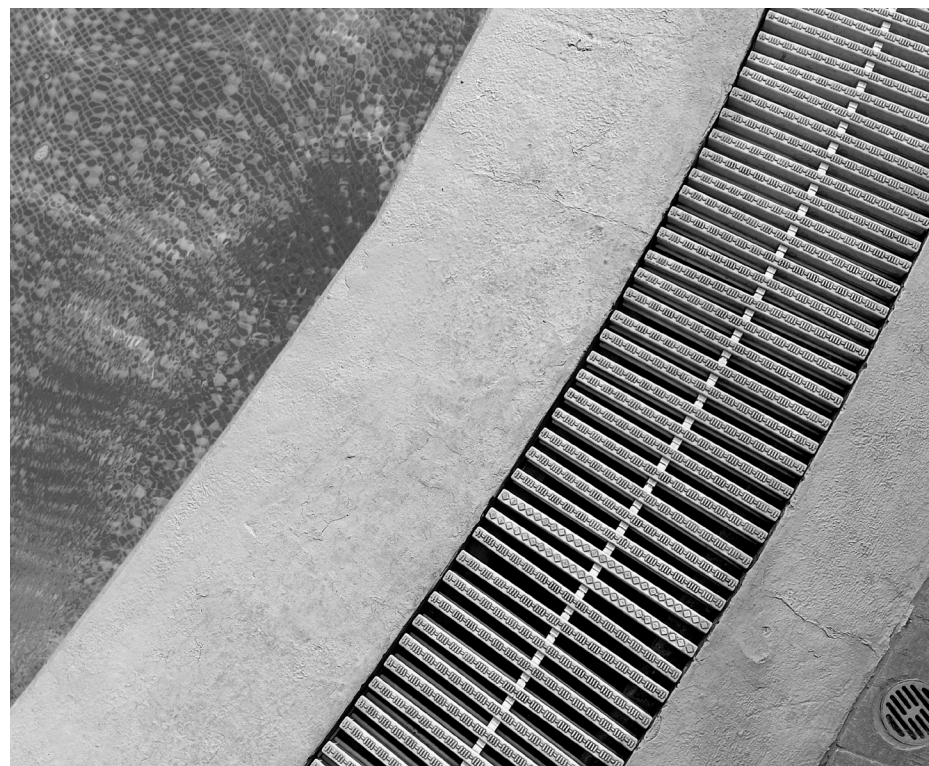

An expansion joint sealant is a free flowing, self-leveling, one component material. Its flowable characteristics allow it to fill in joints and cracks to make a smooth and permanent seal. Supplied ready-to-use, this material cures at room temperature to a tough, rubbery solid. It adheres well to most common construction substrates including concrete, wood, vinyl, glass and various plastics. It resists weathering, moisture, vibration, ozone, thermal expansion and temperature extremes.

- One component
- No mixing
- Free flowing
- 50% movement
- Good adhesion to a wide variety of substrates
- VOC compliant
- Self-leveling
- 20-30 minute tack free time

**Specs:** Meets ASTM C-920, Type S, Grade P, Class 25, Use NT; TT-S-00-230C Type 1 Class A; CGSB 19.13 Class 1 Class 25

Cartridge 28 oz.

White	142931	Tan	142929	Grey	142930
-------	--------	-----	--------	------	--------

### BOSS 125 Multi-Seal®

A multi-purpose, one part sealant, formulated with USP™ Technology to form a highly durable, flexible seal. This unique sealant offers outstanding primerless adhesion to most common building materials including vinyl, aluminum, steel, concrete, wood, glass and asphalt shingles.

- All weather plastic cartridge
- Applies the same in all seasons
- Bonds to wet/damp surfaces
- VOC compliant
- Paintable in under an hour\*

**Temperature Range:** -40°F to 200°F

**Specs:** TT-S-000230C, Type II, Class A, ASTM C920, Type S, Grade NS, Class 25 Use NT-non traffic, G-glass, M-mortar, A-aluminum, and O-other, CAN/CGSB 19.13-M87

Also available in Sausages, Pails, & Drums

### BOSS 535 Multi-Purpose Polyurethane Sealant

A high quality, elastic, one component, professional grade sealant based on polyurethane. It is easy to apply and offers good weather and UV resistance. It remains elastic after curing and does not bubble in high temperatures or humidity. It is perfect for high movement or expansion joints.

- Very good adhesion to most substrates
- Qualifies for LEED credits
- Good UV Resistance & color stability
- Long life reliability
- Interior & exterior uses
- Paintable with most paint systems
- Non-yellowing & non-staining

**Service Range:** -22°F to 194°F

Cartridge 10.1 oz.

White	144575	Limestone	144580	Redwood Tan	147028

### BOSS 185 Multi-Seal®

A one component, high performance adhesive/sealant formulated with USP™ technology. Provides excellent durability, maximum adhesive strength and is VOC compliant in 50 states. It is color stable and UV resistant (non-yellowing) and contains no isocyanates solvents halogens or acids. It is a moisture curing sealant that remains flexible, even at low temperatures with quick grab strength and excellent adhesion to various substrates such as aluminum, steel, glass, wood, brick concrete, mirrors and many plastics. It is also paintable with most latex paints.

- Fast cure
- Quick grab
- Formulated with USP™ Technology
- VOC Compliant
- UV resistant & color stability
- Paintable with most latex paints
- Can be applied on wet surfaces

**Temperature Range:** -40°F to 200°F

Cartridge 10.1 oz. | 143121

## BOSS 333 Gap Filling Foam

A ready to use, multi-purpose, polyurethane foam that expands to three times its original volume upon contact with air.

- Use for insulating around pipes, cable, blank openings, gaps, & cracks
- Weatherproof against wind & moisture
- Can be cut, sanded, & painted

**Service Temperature:** -40°F to 200°F

**Application Temperature:** 40°F to 115°F

**R-Value:** 4 to 5 per inch

**Specs:** ASTM E-84, UL 723: Flame Spread-15, \ Smoke Developed-35

FOAMS

# ACCESSORIES & GUNS

## BOSS 335 Gun Foam Cleaner

Specially developed to clean the PU foam applicator guns. A correct cleaning of the gun and the proper use of the product will ensure an optimal function and prevent blockage of the applicator gun. Also suited for the cleaning of the valve and spray nozzle of PU foam canisters and removing uncured PU foam.

Aerosol Can 12 oz. | 142905

## BOSS 635C Spray Adhesive

This spray combines a uniform misting spray pattern with super high solids to create a fast tacking and high bond strength.

- VOC compliant
- Non-chlorinated
- Great for adhering insulation board to ductwork
- Adheres well for placement of signs and instructions to your work

Aerosol Can 12 oz. | 144668

## BOSS 891 Hand Cleaner with Lanolin

Specially formulated to quickly and easily remove oil, grease, grime and stains without damaging the skin.

- Removes paints, grease, oil, dirt, adhesives & sealants
- Not harmful to skin, contains lanolin
- 12 bottles / case

Inverted Bottle 14 oz. | 142479

## BOSS 893 Dual Sided Hand Wipes

Specially formulated hand wipes designed to quickly and easily remove oil, grease, grime and stains without damaging the skin.

- Pre-moistened
- Removes marker, ink, paints, grease, oil, dirt, adhesives, & sealants
- Not harmful to skin
- Ideal for most hard surfaces including: painted walls, tools, work surfaces, signs, siding, & bathroom partitions
- Not harmful to skin, contains lanolin
- 12 bottles per case

80 ct. Tubs | 142865
